SUMMARY

This is a summary on the paper on land administration and GNSS. This explains the latest developments in these issues in Mexico.

Replace this with the names(s) of the author(s)
Replace this with the real title of the paper

The full paper starts from a new page with the paper title and author's name(s).

Headings Times New Roman 12, bold, capital letters, ranged left:

1. INTRODUCTION

For subtitles see the template.

Bullet Points: Only use “long dash” (–)

Columns: Do not use.

Full paper: It is preferred that the full paper should not exceed 15 pages including abstract, pictures, diagrams, references and appendices. The text should be delivered in MS WORD. Line drawings, Diagrams and Graphs, Tables, Formulae and Photographs should be inserted in the word document. jpg-format for photographs, formulae and figures is preferred.

References: Bibliographical references should be listed in alphabetical order at the end of the paper. The following sequence and punctuation should be used: Author's last name, author's initials, year of publication, title of reference article, name of book or journal (or other), volume number, page numbers, city and publisher. In the text, the reference is to be giving the author's last name and the year of publication in parentheses.

Biographical notes: A short summary on career-to-date e.g. with details of past experience, publications, memberships of societies and associated achievements.

Contacts: At the end of the paper please give the author's contacts (institution, address, telephone and fax numbers, e-mail address and web site address) as indicated in the template.

Publication rights: By submitting the full paper to the conference organisers each author agrees to give the International Federation of Surveyors FIG the right to publish his/her paper in the FIG LADM proceedings on the ISO LADM web site without any compensation.

Publications: The **full paper** will be published in hard copy proceedings and on the ISO LADM web site (isoladm.org).
